Brad – I'm happy to send out an email to the Superfund folks to have them do an initial search, so let me know when you have the list of custodians.

Good morning Jennifer –

In follow up to our phone call yesterday, attached is an index of our West Lake Landfill Superfund electronic files for the 1/1/05 – 12/1/2010 date range. As we mentioned, these include files for both OU1 and OU2. In addition, here are the other items we

discussed:

- I've contacted our OSWER office in Washington D.C. to initially see if they have any responsive records.
- For our Region 7 office we will initially identify custodians in our Superfund program and ask them to identify the amount of hard copy and electronic responsive records they may have before we initiate any collection activities. We will also inquire whether our other media programs may have responsive records.
- Initial search terms will be "Bridgeton AND Landfill" and/or "South AND Quarry".

I'll plan to call you at 3:00 central time on Monday June 29th to check in on the status of the above and next steps. In the meantime if you have any questions please don't hesitate to contact me.

Regards,

Alyse
